

The first quarter of 2016 was marked by a stabilization of the main indicators of the telecommunications market. Measured by an average revenue per minute (ARPM), mobile communications prices recorded an annual decline of 29%. At the end of March 2016, the mobile ARPM reached 0.22/DHHT/min compared to 0.31/DHHT/min at the end of March 2015.
