

As part of the contribution to the collection of donations for the Special Fund "126" for the management of the effects of the earthquake, an SMS collection system has been activated by national mobile operators. The number 2323 has been set up for this purpose.

To take part in this solidarity initiative, each customer can send SMS messages with the word "DON" to the number 2323. Each SMS corresponds to a customer donation of 10 dirhams, paid in full to the above-mentioned special fund.

This service is simple and free of charge for the customer.

Every donation counts. By showing solidarity, together we can provide essential support to the victims of the earthquake.
