

Notes d'orientations générales

In order to maintain market growth and act against the digital divide, while ensuring visibility for the players, current and potential, the Government is implementing the general guidelines for the development of the telecommunications sector.

These guidelines are summarized in notes of general guidelines (NOG), which are roadmaps for all stakeholders in the telecommunications sector, and are updated according to sector-specific developments. To date, four NOGs were published:

- [General guidelines for the development of the telecommunications sector in 2023.](#) (in french)
- [General guidelines for the development of the telecommunications sector in 2018.](#)(in french)
- [General guidelines for the development of the telecommunications sector in 2013.](#)(in french)
- [General guidelines for the liberalization of the telecommunications sector for the 2004-2008 period.](#)(in french)
- [General guidelines on the implementation of the Telecommunications Universal Service for the 2006-2008 period.](#)(in french)
