

Rapport annuel

Under Article 37 of Law No. 24-96 on postal and telecommunications services, the Director General of the National Telecommunications Regulatory Agency (ANRT) prepares at year-end, an annual report on the activities the Agency carried out during the year. This report also describes the overall situation of information technology in Morocco in terms of enforcement and regulations. The Annual report is forwarded to the Head of Government. It is also released and published in the Official Bulletin.
